## Starting Out

When you first get started, this is how your cart will look. The rest of this guide will explain getting from here to cleaning windows.

## Inlet Valves/ Source Hose

At the top of the system, open both inlet valves. At the bottom of the system, attach source hose to Carbon Filter.

# Pole

Connect your pole using the quick connect/shut off valve provided with your system. Close the shutoff valve when inserting the pole tubing connect. Open the valve when finished.

# Bypass Tube

Plug bypass regulator tube into push-to-fit.

# Turn On Water/ Clean Windows

Enjoy your Twin Flow System!
